

Sausage Roll

All you need is some cardboard, a toilet roll and a pair of scissors.

Cut these patterns out of brown card or cardboard.

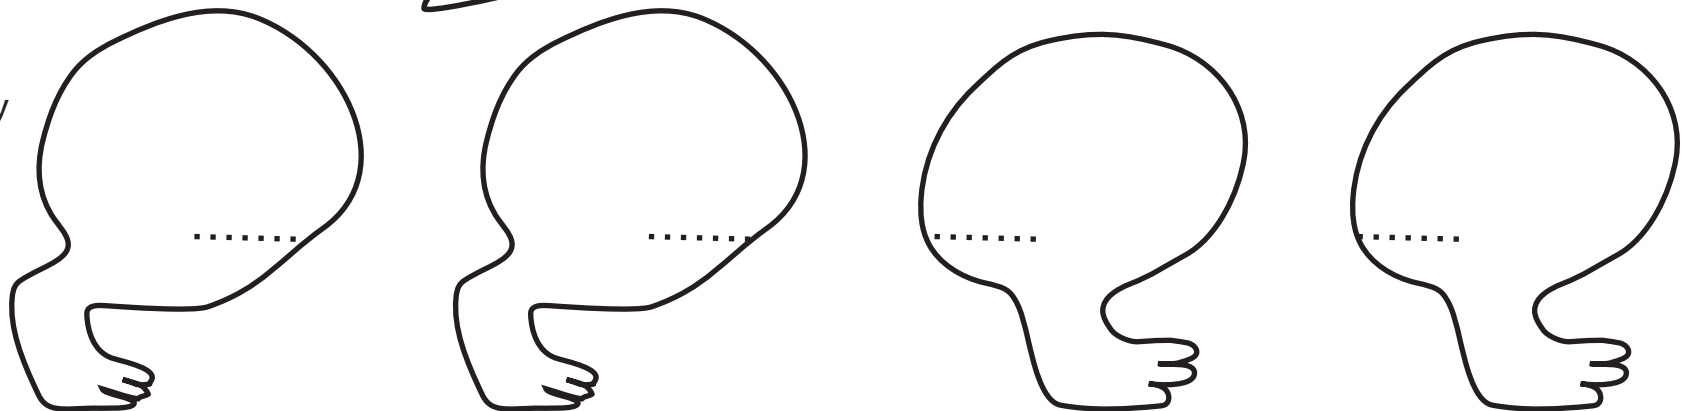

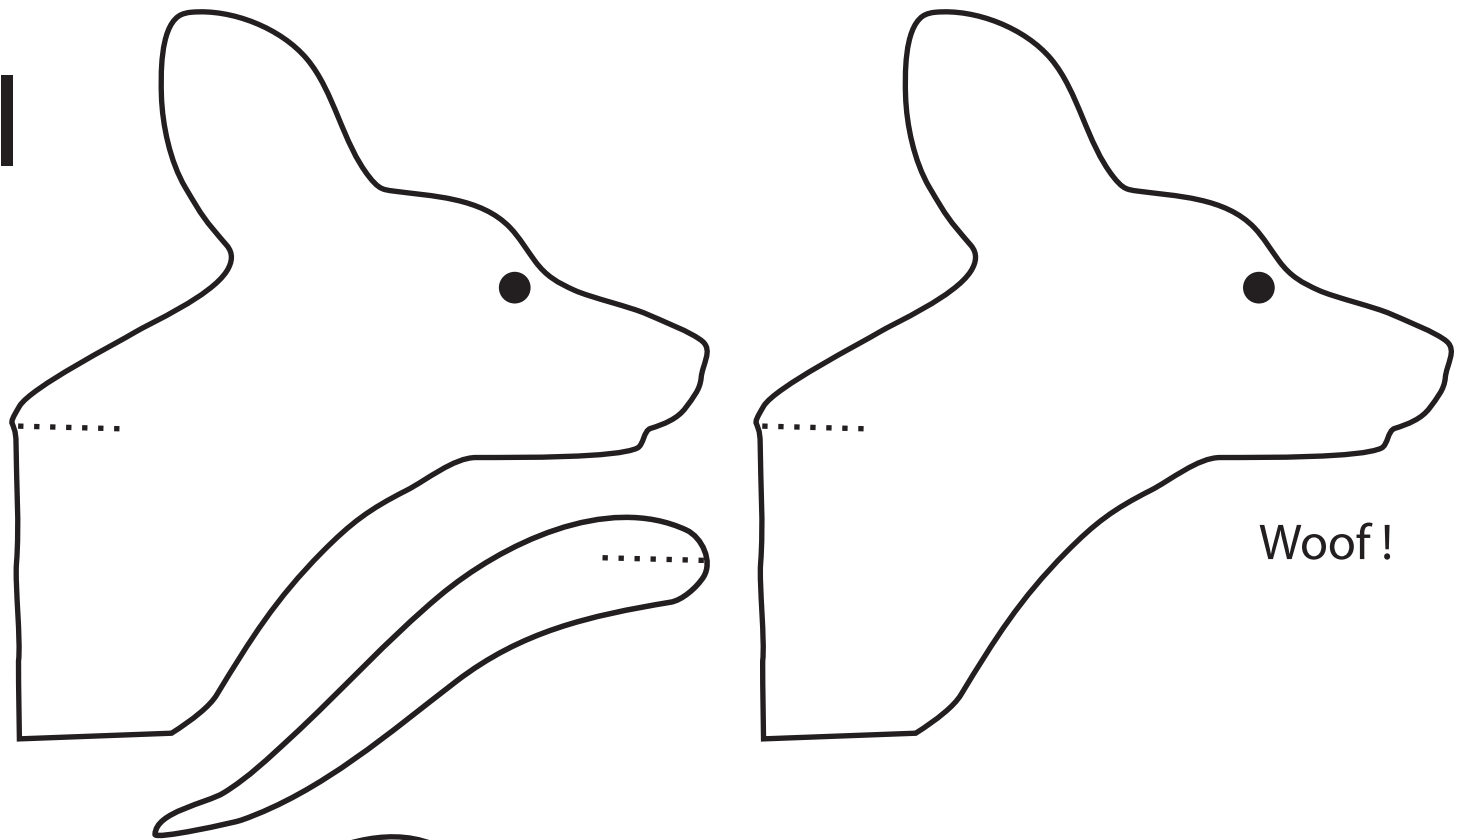

The bow tie can be made of coloured paper or ribbon.

Once all cut out fold down the ears.

Use scissors to snip into the cardboard pieces and the toilet roll so they slot into each other.

If you need to try again I'm sure there are more toilet rolls.

Draw the eyes and decorate your dog with a bow tie or collar.
